EPRI PEAC Survey Wizard

Welcome to the EPRI PEAC Survey Wizard. This wizard simplifies the process of producing surveys for online, mail, and email distribution. To use the wizard, you will need a draft of your survey. The wizard will guide you through the production in seven steps:

NOTE: Please do not click on the "Back" button while using the wizard. Doing so will cause the wizard to lose or duplicate information.

Step 1. The wizard will ask you for general information about your survey: Your name, a database name for your survey (no white spaces, please), a title for your survey (such as the name of the project by which the survey is funded), a brief description of your survey, and instructions for taking the survey.

Step 2. The wizard will ask you to enter questions and answers. This step is iterative; that is, you will repeat this step as many times as you have questions.

Step 3. The wizard enables you to edit your questions. You can
